Questions for the Director's Luncheon, 23 February 1979

1. There exists a program within NFAC -- a rotational program for Graphics personnel in particular. As we are part of NFAC and the CIA, why are we constantly passed over for consideration.

2. What are the reasons for so many changes, additions, and deletions on text and graphics that are supposedly in final draft form.

3. Why isn't there an overall consideration of personnel when Agency and non-Agency training is available, i.e., CIA Today and Tommorrow, Mid-Career Course, etc.

4. Why aren't all new OIA employees given a familiarization tour of OIA, [   ] and introduced to OIA personnel in the front office and other divisions?

5. Why can't the floors in OIA be cleaned more than once a year?

6. There is a decided disrespect that some Professional members of OIA has for non-professional personnel; belittling their capabilities, and making them feel their jobs are less than important. Is there anything that can be done about this?

7. Why has the Agency decided on a 3-year time period of employment for applying to the AOP program while NPIC has a 1-year time period? Has this time limit for employment ever been waived or could it be waived?
